# Perfectly SIMPLE

## Just the essentials:

- 14.5' x 7.5' footprint
- great signage visibility
- corrugated steel roof
- recycled fiberglass kick panels
- gavanized steel construction
- adjustable feet
- light weight quick and easy set up
- shipped as a 4' x 7'6" flat package
- optional garbage cans - 100 or 30 litres
- can also be used as a shelter

**Designed as a 'Perfectly Simple' self installation package.**

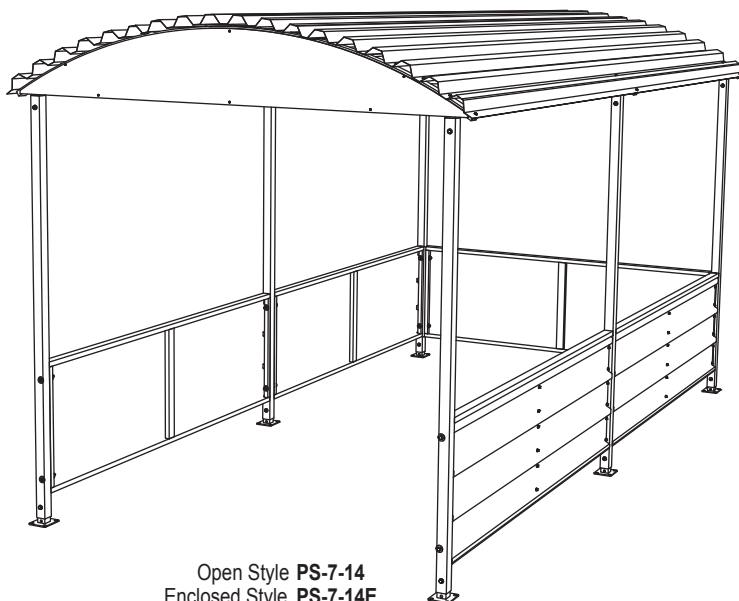

## Why Rely on OutFront?

- Hot-dipped galvanized steel construction
- Exceptionally strong and durable, with tamper proof features
- Economical, quick & simple installation (installation service available)
- Adjustable mounting legs allow for level installation on sloped surfaces
- Highly visible by design, your signage can be seen over mini-vans or SUV's
- Flat surface retention bars prevent carts from rolling away
- Signage can be alternated easily

adjustsble feet

optional garbage can
